KUBOTA 4WD DIESEL UTILITY VEHICLE

RTV X1140

For Earth, For Life
Kubota

The RTV-X1140 converts from a 4-passenger vehicle to a 2-passenger RTV with an extra large cargo bed and an industry-leading cargo capacity.

When the going gets tough, get a Kubota RTV-X1140.

It's no secret that Kubota have been a long term seller of diesel utility vehicles in Europe. After all, they've set the standard for ruggedness and reliability year in, year out.

Able to fit up to four passengers, the new Kubota RTV-X1140 is improved throughout to give you the best performance and comfort across a range of jobs. Whether it is crew or cargo you need to move, the RTV-X1140 allows you to rearrange the cargo bed into either additional seating or extra cargo space in 3 easy steps. When it's cargo that needs hauling, flip up the seat and fold down cargo bed; the RTV-X1140 now has industry-leading cargo capacity and a standard hydraulic bed-lift that makes short work of dumping tasks.

KUBOTA 4WD DIESEL UTILITY VEHICLE

RTV X1140

From industry-leading cargo capacity to comfortable seating for four adults. Three simple steps that can be performed easily by just one person.

[K-vertible™]

1 Reposition the sides of the bed

Swing the front side panels of the cargo bed towards the back of the bed and fold down the front panel.

2 Reposition the cargo bed

Lift the front of the cargo bed and secure it.

3 Reposition the protective screen and bench seat

Move back and secure the protective screen with back rest. Finally, lower and secure the bench seat. Reverse these three steps to restore the RTV-X1140's full-length bed.

Two-person seating configuration

Four-person seating configuration

Standard Hydraulic Dump Bed

Dump sand, gravel, turf, or just about anything you can think of, from the RTV-X1140's whopping, 0.54 m^3 / 0.28 m^3 (two-seat and four-seat configurations, respectively) capacity cargo bed. An easy to operate lever activates this hydraulic bed lift system whilst the machine is in either two or four person configuration.

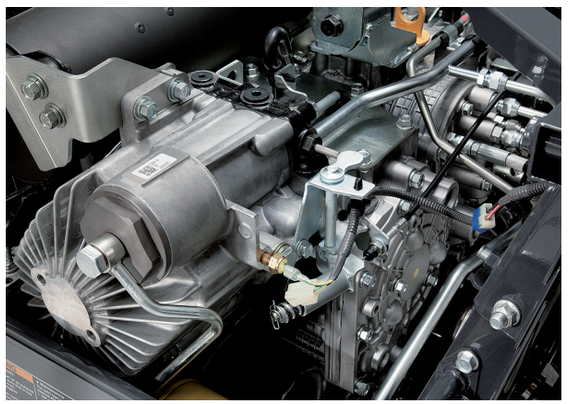

TOUGH

Kubota diesel engines - Power when and where you need it.

Even when the trail disappears, you can rely on the RTV-X1140's powerful 24.8 HP diesel engine to keep you moving forward. Kubota-built and trail-proven, these 3-cylinder liquid-cooled diesel engines have a well-earned reputation for dependable performance even in the harshest terrains.

VHT-X
(Variable Hydraulic Transmission)

Kubota has more experience in variable hydraulic transmissions than any other Utility Vehicle manufacturer.
Kubota's advanced VHT-X offers a wide torque band and large oil cooler that boosts performance and durability.

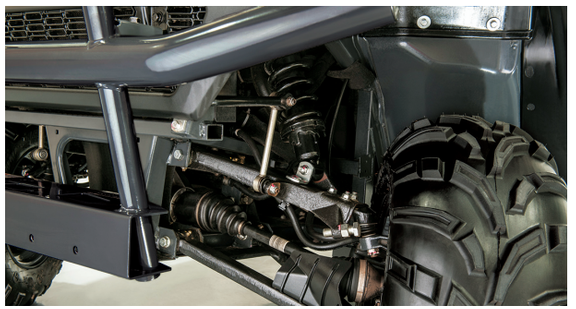

Front & Rear Independent Suspension

Extra Duty IRS
Independent Rear Suspension

Regardless of the terrain or load, independent suspension on all four wheels ensures a truly exceptional ride. Kubota's Extra Duty IRS (Independent Rear Suspension) technology also sets a new standard for durability.

High Ground Clearance

The new X1140 raises the bar on ground clearance—to a full 285mm with 205mm of suspension travel—letting you glide over the bumps rather than through them.

Limited-Slip Front Differential

True 4-wheel drive with a limited-slip front differential and a locking rear differential help reduce wheelspin to a minimum, giving you greater control and a smoother ride on rough or muddy terrain.

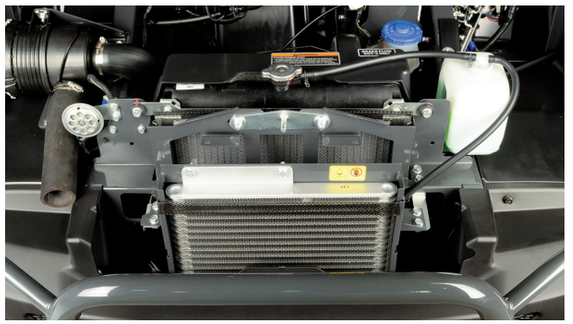

Dynamic Braking

You'll feel more secure, especially when traversing down long inclines, knowing that dynamic braking is providing additional braking power and greater driving control.

20% Larger, Clog-Resistant Radiator

Open the hood, and you'll find the radiator and air-intake located high and up front, where the air is cleaner and cooler. This improves both radiator performance and simplifies maintenance. Kubota's wide fin pitch design minimises, clogging, further improving radiator performance.

DURABILITY

Prepared to transport cargo and/or passengers comfortably and with ease.

MORE FEATURES

A variety of standard and optional features to let you work productively and travel comfortably.

Pole-free access to the entire cargo bed for easier loading from the sides.

Towing capacity: 1 TONNE

Towing Capacity

Standard two-inch hitch receivers at the front and back let you tow up to 1,000 kg of gear.

Cargo Bed Capacity

This heavy-duty steel cargo box can carry up to 500kg (extended bed) and 300kg (shortened bed) of tools, firewood, gear, supplies etc.

Newly Designed ROPS

The poles at the rear have been eliminated for a cleaner look and easier cargo loading from the sides in the 2-seat configuration. A 5th pole has been added in the rear middle of the frame to ensure the same high level of ROPS performance that meets the SAE J2194 and OSHA 1928 ROPS standards.

Alloy Wheels (optional)

You'll travel in style with these good-looking, machine-polished alloy wheels. Clear Coating helps keep them bright and shiny.

More Comfortable Rear Seat

More legroom for the backseat passengers means more comfort and less fatigue, especially on long journeys. Your crew will arrive fresh and ready for action.

COMFORT

A whole new experience in driving comfort.

60:40 Split-Bench Seats

The split-bench style seat is ergonomically designed to provide hours of riding comfort. The driver's side is adjustable fore and aft.

Power Steering

Responsive hydrostatic power steering gives you the control you need to tame any terrain. The steering wheel is tilt-adjustable, allowing you to set the optimum angle for your driving style.

Digital Meter Cluster

Bright, with large, easy-to-read indicators, this digital meter cluster keeps you informed of all critical driving conditions, including speed, hours, and miles traveled. An Overheat Alarm (light and audio) helps prevent engine damage.

Easily Accessible Parking Brake

The parking brake is conveniently located on the dashboard for easier access as well as more legroom.

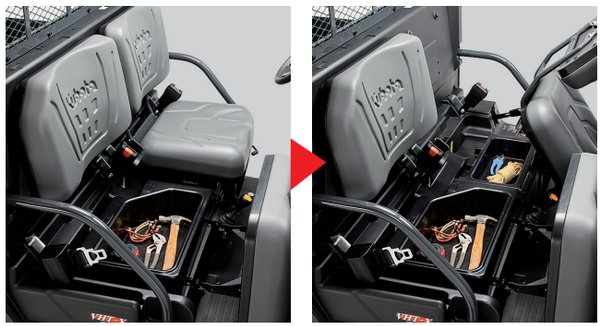

Glove Box

A large glove box on the passenger side provides fast access to critical tools and personal effects.

Under-Seat Storage Compartments

Large compartments under the split-bench provide plenty of additional storage space for tools, tie-downs and personal items.

SPECIFICATIONS

Model			RTV-X1140
Body color			RealTree®* AP Camouflage
Engine	Make		KUBOTA D1105-E4-UV
	Type		3-cylinders, 4-cycle, diesel, OHV
	Displacement	cc	1123
	Net power	kW (PS) /rpm	17.8 (24.2)
	Cooling system		Liquid
	Battery		670 CCA
Transmission			Variable Hydraulic Transmission (VHT-X)
Gear selection			Hi-Lo range forward, neutral, reverse
Max. traveling speed		mph (km/h)	0-25 (0-40)
4WD system	Front differential		Limited-slip differential
	Rear differential		Foot operated differential lock
Steering			Hydrostatic power
Brakes	Front / Rear		Wet-disc brakes
	Parking brake		Rear wheel, hand operated
Suspension	Front suspension		Independent, Dual A-arms with adjustable spring preload
	Front suspension travel	mm	205
	Rear suspension		Independent with coil over shock
	Rear suspension travel	mm	205
Ground clearance	Front	mm	285
	Rear	mm	240
Headlights			Two 37.5 watt halogen
Occupant Protective System (OPS)	Tubular overhead structure		50.8 steel tube
	Seat belts		2-point
	Certification		SAE J2194 and OSHA 1928 ROPS
Dimensions	Length	mm	3610
	Width	mm	1605
	Height, overall	mm	2025
	Front tread centers	mm	1280
	Rear tread centers	mm	1280
	Wheelbase	mm	2495
	Turning radius	m	5.2
Weight		kg	1075
Towing capacity		kg	1000
Payload capacity		kg	739
Cargo bed	Material		Steel
	Width x Length x Depth	mm	(Long) 1465 x 1300 x 285 / (Short) 1465 x 660 x 285
	Volume	m^3	(Long) 0.54 / (Short) 0.28
	Bed height (unloaded)	mm	900
	Cargo bed load	kg	(Long) 500 / (Short) 300
	Dumping system		Hydraulic power lift
Fuel tank capacity		L	30
Sound rating at operator's ear at max rpm		db. (A)	84
Tires	Front and rear	ATV	25x10-12, 6-ply
Front guard design			Center, bumper and lens
Alloy wheel (not available with TURF tire)			Option
Hydraulic bed lift			Standard
